

To The Honorable Judge Alfred H. Bennett,

My name is Dexter Darnell Johnson, my case is Johnson v. Stephens, Cause No. ~~4:11-cv-~~
~~02466~~. Please bear with me, I have significant dead tissue on my brain which makes it
extremely difficult for me to understand things and do things the right way on my
own. I get a lot of help from guys here and from family and friends in the outside
world (such as with this letter).

My reason for writing is because I have been done wronged by multiple people and
simply want a fair chance (something I wasn't given at trial). First, trial judge
Denise Collins who was involved in a review/investigation about rubber-stamping (she
done that with my case). Federal judge Gary Miller saw I have ineffective assistance
of counsel, but has failed to do anything about it. If it wasn't for guys here I'll
NEVER know what's going on with my case because Patrick McCann don't tell me ANYTHING
I didn't know what Conflict Of Interest was until people told me. Patrick McCann has
been my attorney since State Court and I don't even understand how he is allowed to
practice law when he don't even know how to properly file briefs!! People is showing
me the many responses from the courts and it's always the same. It's disheartening
seeing, "The courts has no obligation to consider inadequate briefed points of errors
Of course though, this is the same man who has told a family member of mine, "No matter
what happens to him (meaning me), I'm (Patrick McCann) still going to get paid by the
state"! I truly believe he is working with the state to kill me!!

I have been told of multiple cases that relates to things with my case. Martinez v.
Ryan, 566 U.S. 1 (2012). Trevino v. Thaler, 569 U.S. 413 (2013). Clark v. Davis, 850 F.3d
770, 777 (5th Cir. 2017). Speer v. Stephens, 781 F.3d 784 (5th Cir. 2015). Mendoza v.
Stephens, 783 F.3d 203 (5th Cir. 2015). Pruett v. Stephens, 608 Fed. Appx. 182, 183-84 (5th
Cir. 2015). Jennings v. Davis, No. 4:09-cv-00219 (S.D. Tex. Nov. 21, 2018). Christeson v.
Roper, 574 U.S. ___, 135 S.Ct. 891, 894 (2015). See also Tex. Disciplinary R. Prof. Conduct 1.06
(b)(2) & Commentary 4-5. See Tex. Comm. on Prof. Ethics, Ethics Opinion 571 (May 2006)

Sir, I'm only asking for a fair appeals. The only way I can get a fair appeals is by
the appointment of new counsel, someone who will truly fight to help me save my life.
I am NOT a killer!! I am NOT the monster the prosecutors has made me out to be!! I am
simply a ignorant man who grew up in the streets hearing, "Keep it gangsta, even if
you know where bodies at, don't ever snitch" all the time. So upon my arrest I refused
to become a snitch. The main reason though was the fact that my co-defendants (who are
all related to each other by blood) was still free. Timothy Randel (the TRUE killer) and
family knew where my daughter and her mother lived. What man would risk putting his
child/family in harms way? I told the police everybody name the night I was arrested,
yet they wasn't arrested until 2 days later! So you see, I wasn't about to talk while
they was still out free!! They had 2 days to get their story together because the
media put their names all over the tv, so once they were arrested finally and saw I
didn't snitch they made their deals with the prosecutors! I was convicted because it
was more of them saying I did everything!! A good attorney and investigator could
have/could still prove that I am innocent!!

There's an attorney (Jason Hawkins, Federal Public Defender for the Northern District
of Texas, and his Capital Habeas Unit, Jeremy Schepers, Supervising Assistant Federal
Public Defender) willing/able to take on my case and give me true help if they are
appointed. That's what I'm asking sir. Please appoint this conflict-free counsel so I
will be able to really prove my innocence.

Thank you for your time and help. This is a very important matter!! May you and yours
be blessed!!

Faithfully Yours,
Dexter
